MY WAY TO HEALTH™

Notes	

Release of Liability, Waiver and Indemnity Agreement

This Agreement must be completed in full, signed, dated, and witnessed before you can take part in the workshop.

Name

The My Way to Health™ workshop includes supervised exercise that may help patients who have chronic disease(s). These exercises support your health and physical skill, while keeping you safe. The class exercises are supervised and monitored by a healthcare provider.

Taking the workshop is voluntary. The workshop does not replace medical advice. You can speak to your doctor about the workshop before you sign up. The staff will explain signs and symptoms that will tell you to stop or slow down. If you have pain or run into trouble during the workshop, **stop** the workshop right away and tell the workshop staff.

I understand the benefits and risks involved in the workshop. I freely accept and fully assume all such risks, and the possibility of personal injury and damage or loss to personal property because of taking part in the workshop. In consideration of **Red Deer Primary Care Network** offering the activity, I agree as follows:

- 1. To waive all claims that I have or may have in the future against the Provider and its Board Members, employees, agents, volunteers, and independent contractors (collectively referred to as "the Releasees"), as a result of my participation in the workshop due to any cause including negligence, breach of contract, or any other duty care.
- 2. To hold harmless and indemnify the Provider and Releasees from any and all liability for any damage to the property of, or personal injury to any third party, resulting from my participation in the workshop; and,
- 3. That this agreement shall be effective and binding upon myself, the participant named above, my heirs, next of kin, executors, administrators, assignees, and representatives in the event of death or incapacity.

In entering into this agreement, I am not relying upon any oral or written representation or statements made by the Provider and Releasees other than what is set forth in this Agreement. I also understand that I can seek independent legal advice before entering into this agreement.

I have read and understand this agreement and I am aware that by signing this agreement I am waiving certain legal rights, including the right to sue, which I, or my heirs, next of kin, executors, administrators and assignees, may have against the provider and releases.

JOURNAL III

MY WAY TO HEALTH™

Notes	

Take the My Way to Health™ challenge! It's simple. It's fun. It works!

My Way to Health™ is an 8 week workshop that engages and challenges you to take on a new lifestyle. We coach you to take on weekly lifestyle challenges and how to continue with the challenges long after the workshop is over. The lifestyle changes participants make help them prevent and control conditions such as high blood pressure, diabetes and high cholesterol. They may also support healthy aging of the brain.

My Way to Health™ is a dynamic workshop designed by Red Deer Primary Care Network. Health professionals in the fields of nursing, kinesiology and nutrition as well as family doctors contributed to the design. Feedback from My Way to Health™ participants also provided valuable input in designing this journal.

It is important for you to attend class every week.

If you are unable to attend, please call _____

1

Welcome to MY WAY TO HEALTH™

Your Health Today Scale

Mark where you rate your health from **0-100**. Consider your overall health; this includes physical, mental and emotional health.

The best health you can imagine

The worst health you can imagine

Welcome to MY WAY TO HEALTH™

Housekeeping

- Each class will have a **Vitality Break** about halfway through—this is a chance to refresh yourself—walk around, use the facilities and get some water.
- Bring your My Way to Health[™] Journal each week.

Workshop Format

The **workshop format** is two hours a week for 8 weeks. Each week we will cover three sections: Mindset, Exercise and Nutrition. You will be presented with a challenge from each section to work on for that week and onwards.

- Each week begins with a Check-in. This is a chance to reflect on the past week.
- You will have opportunities to practice skills that will create healthy habits.
- We will end with a Check-out to set you up for success in the upcoming week.

Welcome to MY WAY TO HEALTH™

Workshop Guidelines

- Please make every effort to attend on time, if you must come late please slip in quietly and take a seat.
- Please wear running shoes and comfortable clothing.
- If you are going to be late or miss the workshop, please let one of the coaches know ahead of time. We will ask that you review the material you missed prior to your return if you are absent so that you can participate fully in the next class.
- For virtual format, please keep your camera on and make sure you are in a private location free from distractions. Ensure you identify yourself with your name and pronouns if you choose.
- Being absent for more than 2 sessions out of 8 will result in a request that you rebook into a future workshop.
- Treat other workshop members with the same courtesy that you would like to receive.
- Confidentiality keep information that comes up in the workshop private to the workshop.
- If there will be someone observing, we will let you know prior to them being in the room.
- For in-person classes, snacks/water are permitted but please dispose of garbage afterwards. Anyone who has a serious food allergy has the responsibility to ensure your coaches and other participants are aware of this allergy so the food items that cause the allergy will not enter the classroom.
- We encourage participation in class, but private conversations (both at the table or in the chat box, if running virtually) are discouraged until break so that you don't miss out on learnings. These conversations can be very distracting to others; we want to be respectful to all participants.
- If you need to leave the room before break, please give us a thumbs up so we know that you are okay. If you are gone for more than 5 minutes, one of us will come to check on you, or for virtual, we will call you after the workshop is over.
- For in-person workshop only: this is a fragrance free facility, so please be mindful of this prior to group to maintain an adequate level of hygiene and avoid wearing fragrances.
- Please turn off all cell phones or put to silence/vibrate.

4

Week 1 Challenges:

- 1. Be Mindful of Your Habits
- 2. Work Towards 30 Minutes of Exercise on 5 7 Days
- 3. Make Food Awareness Journalling Work For You

Be Mindful of Your Habits

Mindfulness is being present in the moment or paying attention to what is going on around you right now. **Keep your head where your feet are.** Being mindful of your behaviors is the first step to taking control of your life.

One of the best ways to be mindful, to be at a healthy weight and make healthy food choices, is to keep a journal. It helps to increase your awareness of the intentional things you do to improve your health.

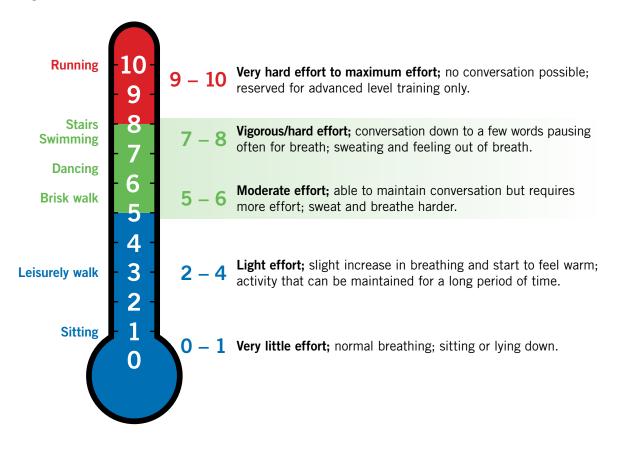

Have I used a Food Awareness Journal or App before (e.g. My Fitness Pal)? ☐ Yes ☐ No
Did I find it helpful? ☐ Yes ☐ No
If yes, how?
If not, why was it challenging?
Have I used an Exercise Journal or App before (e.g. My Fitness Pal or Fitbit)? ☐ Yes ☐ No Did I find it helpful? ☐ Yes ☐ No
If yes, how?
If not, why was it challenging?

Work Towards 30 Minutes of Exercise on 5 – 7 Days of the Week

Work Towards 30 Minutes of Exercise 5 – 7 days of the Week at a moderate to vigorous intensity. This means that you schedule a time to sweat most days of the week.

You can break it up into 10 minute chunks if that works best for you.

Activity Thermometer

Make Food Awareness Journalling Work for You

Choosing a Food Journal Method

Options:

- 1. Pen and Paper: you can use the PCN Food and Activity Log, BC Health Link or a regular note pad.
 - a. Use Canada's Food Guide to determine your food choices.
 - **b.** You may choose to circle the unhealthy choices at the end of the day to see how many treats you are having.
 - c. Start to think about why you are eating is it for hunger?
- 2. Electronic: Habit Journal and My Fitness Pal are both free and easy to use mobile apps.
 - a. For My Fitness Pal, only set to 0.5 pound weight loss per week as your goal. Any more lowers the calories too much. We do not recommend this app, or any calorie counting app for anyone who has experienced disordered eating or eating behaviour.

b. The App remembers what you ate previously for easy tracking; it also has a barcode scanner.

Choose which option would best suit you.

Tips for being a successful Journal keeper:

- 1. Record every day ideally at the time you eat. We tend to forget after a while and may miss some small things.
- 2. The small things add up. Don't leave out that handful of M&M's or peanuts. 25% of our calories come from these extras so leaving them out of the journal could impact your goal.
- 3. Be specific. Add portion size.
- 4. Include the alcohol, and other drinks. Liquid calories can significantly impact our success.
- 5. If you are in a rush, take a picture of your meal so you can remember what to add later.
- 6. Don't beat yourself up. This is not meant to make you feel bad, it's a tool to help you reach your goal.

8

Week 1 Challenges

- 1. Be Mindful of Your Habits
- 2. Work Towards 30 Minutes of Exercise on 5 7 Days of the Week
- 3. Make Food Awareness Journalling Work For You

"Your choices reveal your priorities."

Week 1 Check-out

My plan to Be Mindful of My Habits:
My plan to Work Toward 30 Minutes of Exercise on 5 – 7 Days of the Week:
My plan to Make Food Awareness Journalling Work For Me:

Remember to fill in my Food Awareness Journal and Exercise Journal or App daily this week.

Notes	

Notes	

Week 2 Check-in
How was I Mindful of My Habits this past week?
How did I Work Toward More Exercise this past week?
If you had a hard time following through with your exercise plan, write down your solution to incorporate exercise this week.
Use the 5 Minute Rule
On days you don't feel like being active, put on your shoes and go for 5 minutes. Then re-evaluate. If you feel that you are able to continue, keep going! If not, give yourself permission to go back and try later. This helps us discern between mental and physical fatigue.
How many days did I note my food intake in my Food Awareness Journal this past week?

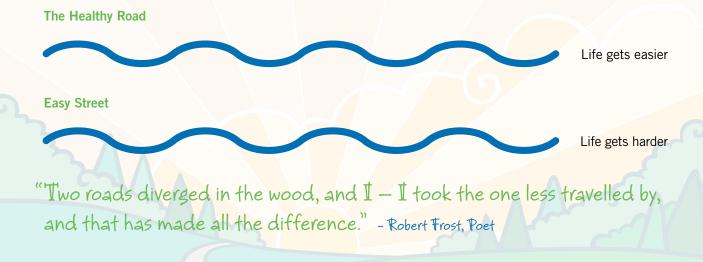

Week 2 Challenges:

- 1. Choose to Take The Healthy Road
- 3. Practice 5:60 (move for 5 minutes for every 60 you sit)
- 4. Choose Healthy Portions at Every Meal

The Healthy Road is the Road Less Travelled

Healthy choices may seem hard in the short term, but are easier in the long term. Think of the last healthy choice you made and how much better you felt afterwards. Each time you choose to be active, eat well and be positive, life gets easier and more rewarding.

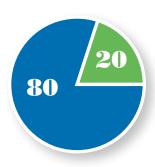

On the other hand Easy Street may be swinging through the drive-through for a supersized meal followed by flopping on the couch. This choice seems comforting and easy at the time, but leaves you feeling sluggish and can rob you of your health over time. Life will get harder in the long term.

JOURNAL

13

Choose to Take The Healthy Road

The 80/20 Rule

The 80/20 Rule means you don't have to be perfect to be healthy. If you follow The Healthy Road 80% of the time you can give yourself some flexibility 20% of the time.

Many people are applying The 80/20 Rule in reverse: 80% of the time they follow unhealthy habits and they follow a healthy lifestyle only 20% of the time.

How will you apply The 80/20 Rule to your life?				

Healthiest Possible Self

What was your journey like and how do you feel? What were the tools that helped you get there?					
	-				

Practice the 5:60 Rule

How many days did I exercise at a moderate to vigorous intensity this week?	How many minutes per day did I exercise at that level?	Number of minutes per week*
		*The goal is 150 minutes per week according to Canadian Physical Activity Guidelines.
How many days did	How many minutes	Number
I exercise at a moderate to vigorous intensity this week? 5 days X	per day did I exercise at that level? 20 minutes/day	of minutes per week* 100 minutes
vigorous intensity this week? 5 days X Dr. Grogan, cardiologist at the Mayo For people who sit most of their risk of heart attack	at that level? 20 minutes/day Clinic says: Move for 5 min of the day,	per week*
vigorous intensity this week?	at that level? 20 minutes/day Clinic says: Move for 5 min of the day, is about	per week* 100 minutes X nutes for every 60 that you sit. What is my plan?

Choose Healthy Portions at Every Meal

Use a Food Awareness Journal: This will help you learn about your eating patterns.

Ditch the Diet: Many diets are restrictive, unenjoyable and unsustainable. Lets get back to the basics.

Follow The 80/20 Rule: Eat healthy 80% of the time and give yourself permission to be flexible with your eating the other 20% of the time.

Take Small Steps: Small steps lead to big changes.

Fact	My plan
Fact 1: We eat more on a large plate	
Fact 2: We eat more out of a container	
Fact 3: We eat more if we buy the bigger size	

16

Week 2 Challenges

- 1. Choose to Take The Healthy Road
- 2. Practice 5:60
- 3. Choose Healthy Portions at Every Meal

"Your choices reveal your priorities."

If I used it, what did I learn from it?
If I didn't, how can I start?
When or how will I implement my solution?

fight disease and keep your body well.

Make Half Your Plate Vegetables and Fruit

Fact: Brightly coloured vegetables and fruit are delicious and loaded with vitamins, minerals and fibre to

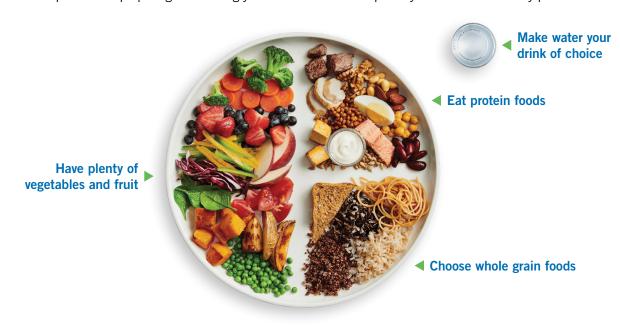

Did I eat vegetables and fruit at every meal?

How can I add more?

My typical meals	My plan to add vegetables and fruit
e.g. Grilled cheese	Add raw vegetables

Picture this 9 - 10" plate

Picture this plate when preparing and serving your meal. This is a simple way to remember healthy portion sizes.

An excellent resource for making half your plate fruit and vegetables is www.halfyourplate.ca. It includes excuse busters, storage tips, and recipes.

Week 3 Challenges

- 1. Choose to Have a Positive Attitude
- 2. Enjoyment is Key. Choose a Physical Activity You Enjoy.
- 3. Make Half Your Plate Vegetables and Fruit

"Your choices reveal your priorities."

Week 3 Check-out

My plan to Choose a Positive Attitude:	
My plan to Choose a Physical Activity I Enjoy:	
My plan to Make Half My Plate Vegetables and Fruit:	

Remember to fill in my Food Awareness Journal and Exercise Journal or App daily this week.

Notes	

Notes	

Week 4 Check-in How did I choose to have a positive attitude this past week? What physical activity that I really enjoy did I do this past week? How many times did I do it? How many times did I make half my plate vegetables and fruit this past week?

Week 4 Challenges:

- 1. Choose to Create Balance in Your Life
- 2. Invite Someone to Go With You
- 3. Plan to Make Healthy Meals at Home

"If you do what you've always done, you'll get what you've always gotten."

- Tony Robbins

"Balance is achieved when all aspects of who we are respect and honour one another." - Author unknown

31

Choose to Create Balance in Your Life

When my life is in balance I feel:	
☐ a sense of peace	
$\hfill \square$ satisfied with my achievements and decisions	
☐ my body, mind and soul are nurtured and healthy	
☐ I have time to accomplish what I need to	Ш
☐ I have time to accomplish what I want to	
When my life is out of balance I may feel:	
☐ tired	
☐ out of control	
□ not productive	_
☐ moody	<u> </u>
$\hfill\Box$ I am not caring for my body, mind and soul	
□ stressed	

My Life Balance Wheel

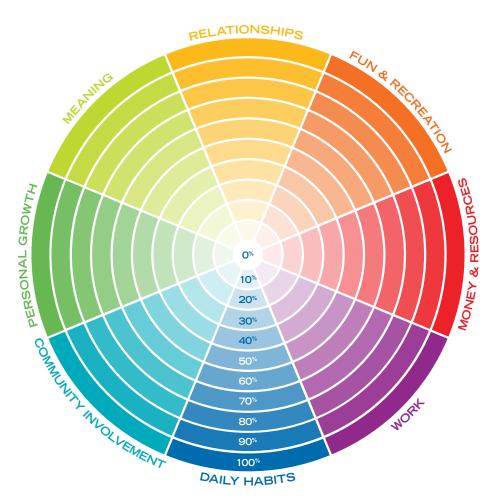

This wheel provides an opportunity to reflect on your present life balance. Life Balance is constantly changing with life circumstance and stage of life. Take a few minutes to consider your life balance.

Mark an X for the degree to which you are satisfied with this area of your life right now. Write the date and review monthly.

0% = Not Satisfied at all

100% = Extremely Satisfied

Reflect on areas where you are satisfied, and where you would like to make some changes. Use **Positive Daily Intentions**, **Microsteps** and **Longer Term Goals** to make those changes. Your choices reveal your priorities.

RELATIONSHIPS

- Family and friends
- Colleagues
- Pets

FUN & RECREATION

- Sports
- Vacation
- Hobbies (e.g., art, music, reading)

MONEY & RESOURCES

- Financial and other resources
- Recognizing problem gambling
- · Planning for the future

WORK

- · Household work
- · Caring for family
- Volunteer work
- Paid work

DAILY HABITS

- Sleep
- Nutrition
- Exercise
- Limiting alcohol and drugs
- Not using tobacco
- Healthy use of your smartphone

COMMUNITY INVOLVEMENT

- Local community
- Communities of interest (e.g., book club, environmental action group)

PERSONAL GROWTH

- · Hopes and aspirations
- Learning and doing new things

MEANING

- Finding meaning in everyday activities
- Spirituality
- Feeling connected to others

Balance Your Life with Adequate Sleep

Fact	My plan
Fact: Adequate sleep is essential to creating and maintaining balance.	

- Sleep improves your memory.
- Sleep improves your ability to see the bigger picture.
- Sleep helps to repair your body.
- Sleep lowers your risk of stroke, heart disease and high blood pressure.

Healthy Sleep Tips

- 1. Maintain a regular bed and wake time schedule including weekends.
- 2. Establish a regular, relaxing bedtime routine.
- 3. Create a sleep-conducive environment that is dark, quiet, comfortable and cool.

More tips on www.sleepfoundation.org or Insomia Coach App.

Invite Someone to Go With You

Choose Healthy Snacks From Canada's Food Guide

Fact	My plan
Fact: Snacks are a part of The Healthy Road. If you're physically hungry between your meals, plan a snack.	

A healthy snack contains 1-2 foods from Canada's Food Guide:

- vegetables and fruit
- whole grains and starches
- protein foods

Snacks that have fibre and/or protein are more satisfying.

Ideas for healthy snacks

- vegetables and hummus
- whole grain crackers and cheese
- air popped popcorn and nuts
- yogurt and fruit
- · apple and peanut butter

Week 6 Challenges

- 1. Be Mindful of Why You Eat
- 2. Intensity is Key. Choose to Exercise at a Moderate to Vigorous Intensity.
- 3. Eat to Prevent Excessive Hunger

"Your choices reveal your priorities."

Week 6 Check-out

My plan to Be Mindful of Why I Eat. Which day(s) will I analyze why I eat? The more days I do this, the more I will learn.
My plan to Exercise at a Moderate to Vigorous Intensity:
My plan to Eat to Prevent Excessive Hunger:

Remember to fill in my Food Awareness Journal and Exercise Journal or App daily this week.

Notes	

Week 7 Check-in

Did I explore the reasons why I eat for at least one day? ☐ Yes ☐ No	
If yes, what changes did I make as a result of what I learned?	
If no, what day this week will I do it?	
How many times did I Exercise at a Moderate to Vigorous Intensity?	
What did I do and for how long?	
How did I Prevent Excessive Hunger?	

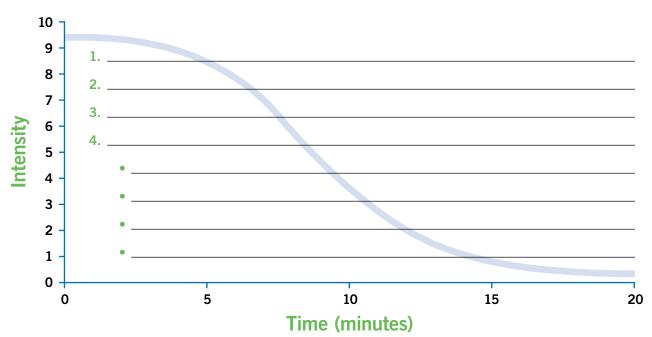

Week 7 Challenges:

- 1. Conquer Your Cravings
- 2. Challenge Your Barriers
- 3. Choose a Healthy Breakfast

Conquer Your Cravings

Craving Control

Conquering a Craving

Challenge Your Barriers

Did I use my Exercise Journal this week? ☐ Yes ☐ No		
How many days did I exercise at a moderate to vigorous intensity this week?	How many minute per day did I exercise at that level?	Number of minutes per week*
		*The goal is 150 minutes per week according to Canadian Physical Activity Guidelines.
What are my barriers to exercising?		
What will I do to overcome these barr	riers?	

Choose a Healthy Breakfast

How many days did I use my Food Awareness Journal this week? days		
If I used it, what did I learn from it?		
If I didn't, what was my barrier?		
When or how will I implement my solution?		

Fact	My plan
Fact 1: 40% of Canadians skip breakfast and make up for it in the evening.	
Fact 2: Including fibre and protein makes breakfast more satisfying and longer lasting.	
Fact 3: Lack of time in the morning is a common reason that people skip breakfast.	

64

My plan for easy healthy breakfasts
poached egg on whole grain toast with fruit
oatmeal with milk, almonds and berries
whole grain wrap, peanut butter and banana

Week 7 Challenges

- 1. Conquer Your Cravings
- 2. Challenge Your Barriers
- 3. Choose a Healthy Breakfast

"Your choices reveal your priorities."

Remember to fill in my Food Awareness Journal and Exercise Journal or App daily this week.

Notes	

Week 8 Check-in

How did I Conquer My Cravings?	
How did I Challenge My Exercise Barriers?	
How many days this week would I consider my breakfast healthy?	

Week 8

Week 8 Challenges:

- 1. Choose Water As Your Main Beverage
- 2. Challenge Yourself
- 3. Believe in Your Success. Plan For Setbacks.

Choose Water as Your Main Beverage

How many days did I use my Food Awareness Journal this week? days				
If I used it, what did I learn from it?				
If I didn't, what was my barrier?				
When or how will I implement my solution?				

Fact	My plan
Fact 1: Water is essential for good health. Make it your go to beverage.	
Fact 2: We pour about 34% more into a short wide glass than a tall narrow one.	
Fact 3: Drinks may have many hidden calories in the form of sugar that can impact your goal.	

Personal Drink Inventory

Do I drink this?	Drink	Servings per day	Servings per week	Calories/ serving
	water (8 oz.)			0
	milk (8 oz.) – skim to 2%			90 – 120
	chocolate milk (8 oz.) – 2%			165
	Crystal Lite (8 oz.)			0
	tea (8 oz.)			0
	iced tea (16 oz. bottle)			130
	coffee (8 oz.)			0
	coffee creamers (1 tbsp)			30 – 40
	sugar (1 tsp added to coffee)			16
	fancy coffees (16 oz.)			190 – 470
	milkshake (16 oz.)			560 – 780
	unsweetened almond or soy beverage (8 oz.)			30 – 60
	club soda (1 can – 12 oz.)			0
	hot chocolate (8 oz.)			220 – 370
	pop (1 can – 12 oz.)			150
	diet pop (1 can – 12 oz.)			0
	Slurpee (22 oz.)			300
	juice (16 oz. bottle)			220 – 250
	vegetable juice (8 oz.)			50
	smoothies (16 oz.)			350 – 500
	wine (5 oz.)			105
	beer (12 oz.)			140
	hard liquor/spirits (1.5 oz.)			Up to 125

Challenge Yourself

Did I use my Exercise Journal this w	reek? ☐ Yes ☐ No	
How many days did I exercise at a moderate to vigorous intensity this week?	How many minute per day did I exercise at that level?	Number of minutes per week*
		*The goal is 150 minutes per week according to Canadian Physical Activity Guidelines.
What am I currently doing for exercise	se?	
What can I do to challenge myself?		
If I am not consistent with exercise,	what is getting in my way?	
What is my solution?		

Believe in Your Success

Success is not just one great accomplishment; it is the accumulation of many successes of varying degrees. If we hinge our success on losing 20 pounds or becoming medication free; we will miss out on our daily and weekly successes. Think back to the successes you have experienced; record them here and add more to the list regularly.

1	2	3	4	5	6	7	8	9	10
further or saying no	mall successes like going urther or faster on your walk, aying no to extra treats and etting your veggies in.		Medium successes like sticking to an exercise schedule or meal plan for a week or two, positive changes in blood pressure, blood sugar or going down a clothing size.		exercise schedule or meal plan for a week or two, positive changes in blood pressure, blood sugar or going down a		a maratho	cesses like on, losing 2 ing medica	0 pounds

Ways to Stay Focused

Check your most powerful reasons for making changes:				
☐ feel better	□ self confidence	☐ sleep better	☐ feel strong

Living on The Healthy Road

Choose to Challenge Yourself

Each week we addressed some of these important challenges. Look back on these challenges often.

Mindset challenges

- I am mindful of my habits.
- I take the healthy road.
- I have a positive attitude.
- I am mindful of why I eat.
- I create balance in my life.
- I plan for setbacks.

Eating challenges

- I make food journalling work for me.
- I choose water as my main beverage.
- I choose healthy portions at every meal.
- Half my plate is vegetables and fruit.
- I plan to make healthy meals at home.
- I shop for healthy foods.
- I eat to prevent excessive hunger.

Activity challenges

- I am working towards 30 minutes of moderate to vigorous exercise most days of the week.
- I practice 5:60.
- I choose physical activities I enjoy.
- I have an exercise partner.
- I challenge my exercise barriers.
- I challenge myself.

"What lies behind us and what lies before us are tiny matters compared to what lies within us." - Ralph Waldo Emerson, Essayist, Philosopher, Poet

Moving on The Healthy Road

Choose to Do the Body Weight Circuit

- Start with a 5 minute warm up.
- Do 15 repetitions or 1 minute of each. Work your way up to 3 cycles.
- · Finish with stretches.

Choose to Stretch Daily

Hold each stretch for at least 30 seconds.

Interval Training

Interval training simply means varying the intensity within your workout. It improves fitness and burns more calories. Do it the next time you're out.

Example using light posts:

- Move at a 5/10 for 3 light posts,
- Then from light posts 3 to 4 increase your intensity to a 7/10,
- Then for the next 3 move at a 5/10 again,
- Repeat.

Example using time:

- Move at a 5/10 for 3 minutes,
- Then increase your intensity to a 7/10 for 1 minute.
- Then for move at a 5/10 again for the next three minutes,
- Repeat.

Plan for your success in the store with these simple solutions:

- ✓ Plan your meals
- ✓ Eat before you go
- ✓ Make healthy choices 80% of the time
- ✓ Stick to your list

Canadian Physical Activity Guidelines

FOR ADULTS - 18 - 64 YEARS

Guidelines

To achieve health benefits, adults aged 18-64 years should accumulate at least 150 minutes of moderate- to vigorous-intensity aerobic physical activity per week, in bouts of 10 minutes or more.

It is also beneficial to add muscle and bone strengthening activities using major muscle groups, at least 2 days per week.

More physical activity provides greater health benefits.

Let's Talk Intensity!

Moderate-intensity physical activities will cause adults to sweat a little and to breathe harder. Activities like:

- Brisk walking
- Bike riding

Vigorous-intensity physical activities will cause adults to sweat and be 'out of breath'. Activities like:

- Jogging
- · Cross-country skiing

Being active for at least **150 minutes** per week can help reduce the risk of:

- Premature death
- Heart disease
- Stroke
- High blood pressure
- Certain types of cancer
- Type 2 diabetes
- Osteoporosis
- Overweight and obesity

And can lead to improved:

- Fitness
- Strength
- Mental health (morale and self-esteem)

Pick a time. Pick a place. Make a plan and move more!

- ☑ Join a weekday community running or walking group.
- ☑ Go for a brisk walk around the block after dinner.
- ☑ Take a dance class after work.
- ☑ Bike or walk to work every day.
- ☑ Rake the lawn, and then offer to do the same for a neighbour.
- ☑ Train for and participate in a run or walk for charity!
- ☑ Take up a favourite sport again or try a new sport.
- ☑ Be active with the family on the weekend!

Now is the time. Walk, run, or wheel, and embrace life.

Canadian Physical Activity Guidelines

FOR OLDER ADULTS - 65 YEARS & OLDER

Guidelines

To achieve health benefits, and improve functional abilities, adults aged 65 years and older should accumulate at least 150 minutes of moderate- to vigorous-intensity aerobic physical activity per week, in bouts of 10 minutes or more.

It is also beneficial to add muscle and bone strengthening activities using major muscle groups, at least 2 days per week.

Those with poor mobility should perform physical activities to enhance balance and prevent falls.

More physical activity provides greater health benefits.

Let's Talk Intensity!

Moderate-intensity physical activities will cause older adults to sweat a little and to breathe harder. Activities like:

- Brisk walking
- Bicycling

Vigorous-intensity physical activities will cause older adults to sweat and be 'out of breath'. Activities like:

- Cross-country skiing
- Swimming

Being active for at least **150 minutes** per week can help reduce the risk of:

- Chronic disease (such as high blood pressure and heart disease) and,
- · Premature death

And also help to:

- Maintain functional independence
- Maintain mobility
- Improve fitness
- Improve or maintain body weight
- Maintain bone health and,
- · Maintain mental health and feel better

Pick a time. Pick a place. Make a plan and move more!

- ☑ Join a community urban poling or mall walking group.
- ☑ Go for a brisk walk around the block after lunch.
- ☑ Take a dance class in the afternoon.
- ☑ Train for and participate in a run or walk for charity!
- ☑ Take up a favourite sport again.
- ☑ Be active with the family! Plan to have "active reunions".
- ☑ Go for a nature hike on the weekend.
- ☑ Take the dog for a walk after dinner.

Now is the time. Walk, run, or wheel, and embrace life.

My Life Balance Wheel

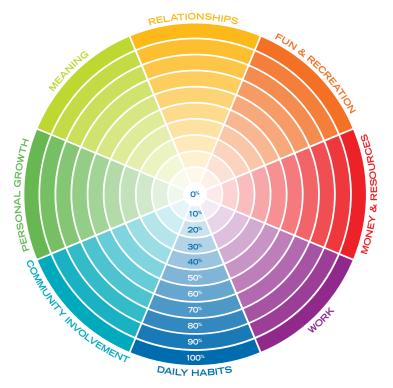

This wheel provides an opportunity to reflect on your present life balance. Life Balance is constantly changing with life circumstance and stage of life. Take a few minutes to consider your life balance.

Mark an X for the degree to which you are satisfied with this area of your life right now. Write the date and review monthly.

0% = Not Satisfied at all

100% = Extremely Satisfied

Reflect on areas where you are satisfied, and where you would like to make some changes. Use **Positive Daily Intentions**, **Microsteps** and **Longer Term Goals** to make those changes. Your choices reveal your priorities.

RELATIONSHIPS

- · Family and friends
- Colleagues
- Pets

FUN & RECREATION

- Sports
- Vacation
- Hobbies (e.g., art, music, reading)

MONEY & RESOURCES

- Financial and other resources
- Recognizing problem gambling
- Planning for the future

WORK

- · Household work
- · Caring for family
- Volunteer work
- Paid work

DAILY HABITS

- Sleep
- Nutrition
- Exercise
- Limiting alcohol and drugs
- Not using tobacco
- Healthy use of your smartphone

COMMUNITY INVOLVEMENT

- Local community
- Communities of interest (e.g., book club, environmental action group)

PERSONAL GROWTH

- · Hopes and aspirations
- Learning and doing new things

MEANING

- Finding meaning in everyday activities
- Spirituality
- Feeling connected to others
